A little more about Home from Home

When Home from Home was established as an NGO in 2005, its aim was to provide South Africa's orphaned, abandoned and abused children with supported and supervised community-based foster care.

In other words – a place they could really call home.

Today, through a network of small family homes
– with no more than 6 children per home, and a
trained and dedicated foster mother – Home from
Home currently cares for many children in need.

Although Leila and Sizwe lived with their mum – theirs wasn't an easy childhood.

They were often left alone for long periods of time, and at only 5 years old, Leila was responsible for looking after her little brother Sizwe. Every day and night, Leila would roam the streets looking for food for her brother and herself, and only when neighbours contacted a social worker did help arrive, and the children were placed with one of our foster mothers. Today Leila's learning to be a little girl again, and both she and Sizwe are finally starting to accept love and care from adults.

It takes hands to build a house, but only hearts can build a home.

You can make a real difference in a child's life - for less than the price of a cup of coffee.

All growing children have needs... but none more so than the children of Home from Home. Which is why, when you choose to sponsor a Home from Home child, you'll not only be helping to cover the usual expenses – like food, clothing and education – but this rewarding experience means you'll also be giving a child opportunities they could never have dreamed of.

How it works:

- By choosing to sponsor a child, you're committing to a regular donation of R150 / €20 / £20 / US \$25 per month.
- You'll receive details, including a photo, of the child you're sponsoring.
- Plus, every 6 months, you'll receive a recent photo and an update on your sponsored child's progress.
